

# INSIDE OUT

THE PEOPLE'S ART PROJECT

## **LEO HAIDAR / *Executive Producer***

Leo Haidar began his entertainment industry career as an intern at CNN in Berlin, attending his first film festival with a press badge.

After qualifying as a lawyer in the UK, Leo moved to Paris and has been working behind the scenes on studio productions and independent films ever since, often acting as a bridge between filmmakers and financiers on either side of the Atlantic.

INSIDE OUT is his first documentary project and the first time he has accepted producer credit - at the insistence of the producer. Leo comments « When I was shown the first assembly of INSIDE OUT I was incredibly moved and felt compelled to help as much as I could. The film has only gotten better since then, thanks to the combined efforts of the wonderful team and our talented director Alastair Siddons who first brought me on board. It has been a privilege to have been so involved in bringing this inspiring project to the screen ».
